PROFESSIONAL SUMMARY

Creative and detail-oriented MCA graduate with hands-on experience in Full Stack Development and Graphic Design. Skilled in building responsive applications using **React.js, Next.js, Node.js, Python, MongoDB**, and designing digital content with **Photoshop, Illustrator, and Figma**. Passionate about developing secure, scalable web applications and growing expertise in **AI Full Stack Development**.

TECHNICAL SKILLS

Frontend: React.js, Next.js, Tailwind CSS, HTML5, CSS3, Bootstrap, JavaScript

Backend: Node.js, Express.js, Python, Flask, Java

Database: MongoDB, MySQL, MariaDB, MSSQL Server

Authentication & Security: JWT, bcrypt, dotenv

Development Tools: Git, GitHub, Postman, Docker, VSCode, REST API

Design Tools: Figma, Adobe Illustrator, Photoshop, CorelDraw, Canva

Operating Systems: Windows, Linux (Basic)

Other Skills: MS Office, CapCut (Video Editing)

PROJECTS

Password Vault | Next.js, Node.js, Express.js, MongoDB, JWT

- Built a secure password management web app with encrypted storage and JWT authentication
- Implemented user signup/login, CRUD operations, and responsive UI using Next.js
- Enhanced data protection using bcrypt encryption and environment-based configuration

AI Quiz Game | Python, Flask, OpenAI API, Bootstrap, JSON

- Developed an AI-powered quiz platform with real-time questions fetched via API
- Added category selection, name-based login, and admin panel for user score tracking
- Automated leaderboard and question refresh workflow using Flask and JSON handling

School ERP System | Java, JDBC, File Handling

- Created a Java-based ERP system to manage students, teachers, and admin modules
- Used JDBC for database connectivity and OOP principles for modular design
- Implemented secure login, data validation, and exception handling

Weather App | React.js, OpenWeather API

- Built a responsive weather application with real-time search functionality
- Displayed temperature, humidity, and weather icons using API integration
- Added error handling and temperature unit toggle for better user experience

Todo App | React.js, Local Storage

- Developed a task management app with add, edit, delete, and filter features
- Used React hooks and local storage for state management and data persistence
- Designed a clean and minimal UI for better usability

EDUCATION

Masters of Computer Applications (MCA) | 2020 | 83%

LBS Institute of Management & Development Studies, Lucknow | A.K.T.U.

Bachelor of Science in IT (B.Sc. IT) | 2018 | 70.08%

Chandra Shekhar Azad Institute, Bundelkhand University

12th - Science (U.P. Board) | 2015 | 66%

St. Mary's Inter College, Jhansi

10th (U.P. Board) | 2013 | 69%

St. Mary's Inter College, Jhansi

SKILLS

- Logical Problem Solving
 - Team Collaboration
 - Quick Learning Ability
 - Creative Design Thinking
 - UI/UX Wireframing
 - Backend Architecture & APIs
 - Web Security Fundamentals
 - Open-Source Contribution
-

PERSONAL DETAILS

- **Date of Birth:** 11th August 1998
 - **Languages:** English, Hindi
 - **Marital Status:** Unmarried
-

DECLARATION

I hereby declare that the above information is true to the best of my knowledge and belief.

Place: Jhansi

Date: 06/10/2025
